Chapter 1

Axioms of Probability

The most important problems of life are, for the most part, really only the problems of Probability.

Laplace

Basics of Probability

1.1 Basics of Probability

This is all very standard nothing out of the ordinary.

$$A_1 + A_2 + A_3 + A_4 + \dots + A_N = \mathbf{XOR}(\mathbf{A_1} + \mathbf{A_2} + \mathbf{A_3} + \mathbf{A_4} + \dots + \mathbf{A_N})$$
